furniture

Welcome to **HORNING'S** WOODCRAFT

Thank you for checking us out!

Are you looking for handcrafted hardwood furniture? Here at Horning's Woodcraft we offer dining, storage and custom furniture. This brochure gives only a brief description of what we do, so feel free to ask for our catalogs. Our furniture is made to order, so you can expect a few months wait time. Stop in at our showroom, give us a call, or send us an email and we'll be happy to discuss your options!

Custom coffee table in a customer's house.

Here's a little bit of our history...

Horning's Table & Chair Shop was started by Uncle Michael Horning in 1956. Later his son Leon took over the business. In 2001, Lynford bought Horning's Table & Chair Shop, and the name was changed to Horning's Woodcraft. Leonard joined the business in 2002, and the brothers worked together until Leonard started Horning's Hardwood Furniture in Myerstown in 2013. Luke Ray, another brother, worked here part time until 2014. He now makes our tables & chairs at his own shop in Stricklerstown, L.R. Horning.

Today, Lynford and sons Justin & Ethan work together to continue the furniture tradition!

History

furniture

Custom furniture

Cabinets, bookcases, islands, mudroom lockers, coffee & end tables, chests...

Can't find what you're looking for in furniture stores? Need specific measurements, style, and color? We make custom furniture designed especially for you. Since every piece is made from scratch, expect our prices to be higher than standard furniture in furniture stores. Stop in with your ideas— pictures and measurements are helpful— and we'll give you a quote. Or email your ideas to justin@horningswoodcraft.com. Ask for our Idea Guide, which shows some of our past projects. It just might give you inspiration for one of your own!

It starts with the lumber.

Our lumber comes to us rough and in random widths and lengths. We plane, sand, and glue up panels to make wider boards.

In the shop.

After we have the pieces cut, we assemble with glue and screws and sand some more. This cabinet took about 17 hours to make.

Finishing time.

We finish our furniture with stain or paint and top coat it with 3 coats of conversion varnish. After it's dry, we assemble the pieces, then it's ready for your house!

Dining furniture

Tables & chairs, stools, benches.

With 8 table styles, 10 chairs styles, and lots of color options, you'll likely find something to suit you! Most of our dining furniture is made by Lynford's brother Luke Ray at LR Horning. Stop by to see our options and sit on our sample chairs. Or ask for our tables & chairs catalog and price sheets to take home with you.

Storage furniture

Mudroom lockers, storage shelves, storage cabinets, bookshelves...

Sage Storage furniture gives you a place to go with your stuff! Want an alternative to built-in cabinets & shelves? Our Garrett Modular Collection features beefy 1" thick shelves and can be set up in any configuration. Eventually moving to a new house? Since our furniture is free standing, it allows you to move it easily. Stop in to see our showroom models or ask for our Sage catalog.

We make Sage storage furniture right here in our shop and branded it with the Sage name to differentiate it from our custom furniture.
